TWAIN cardboard box	600 / 23.6	600 / 23.6	900 / 35.4	0.33 / 11.4	12.5 / 27.5

Designed in 2025 by Dmitry Kozachyshyn. The TWAIN chair is an outdoor dining chair inspired by the concept of parallel bent steel wires. Perfect parallelism in curved metal rods is a true expression of manufacturing art, as the inherent non-uniformity of steel requires exceptional craftsmanship. The lines follow one another along the chair's silhouette, creating a design that is clean, refined, and classically balanced.

The TWAIN chair is made of galvanized steel and finished with a powder coating to withstand a wide range of outdoor conditions. It can be painted in any RAL color to perfectly match the space.
